Education

Sathyabama University   Sep. 2020 – Aug 2024
Bachelor of Science in Computer Science   *Chennai, Tamil nadu*

Experience

Venkys io   Jun 2024 – Oct 2024
Programming Intern   *Hyderabad, Telangana*
- Contributed to multiple software development projects with a focus on high-quality and timely delivery.
- Collaborated with senior engineers in designing, developing, and debugging software applications.
- Assisted in code reviews, testing, and documentation to enhance overall code quality..
- Developed skills in managing project workflows, identifying bugs, and ensuring project consistency.

Projects

Chat App | *React,Firbase,Sass,Redux,Google Auth*   November 2024
- Built a real-time chat application using React, Firebase, Redux, Sass, and Google Authentication.
- Designed and implemented a dynamic user interface with React, ensuring a smooth and intuitive user experience.
- Integrated Firebase Firestore for real-time messaging, message history, and data storage.
- Developed chat room functionality, allowing users to join rooms, send messages, and view updates instantly.
- Styled the application with Sass for a responsive and visually appealing design, adaptable to all device sizes.
- Optimized performance to handle multiple users chatting in real-time without lags.

Note Craft | *React, Redux Toolkit, React Router, Tailwind CSS, LocalStorage*   Novermber 2024
- Built a React-based note management application with CRUD functionality using Redux Toolkit..
- Implemented React Router for seamless navigation across different views and features.
- Styled the application with Tailwind CSS, ensuring a clean and responsive design.
- Utilized localStorage for data persistence, enabling offline accessibility for user notes.
- Focused on creating an intuitive user experience with streamlined workflows and robust state management.

Tune Craft | *Next.Js,TypeScript,OAuth,Prisam ORM*   January 2025
- Developed a full-stack SaaS platform for creating and managing song queues with Google OAuth authentication.
- Implemented dynamic playlist curation, voting, and sharing features to boost user engagement.
- Designed a responsive UI with Tailwind CSS, ensuring a seamless experience across devices.
- Leveraged Next.js for optimized server-side rendering and robust application performance.
- Utilized Prisma for efficient database management and streamlined data operations.

Skills

Frontend:Html,CSS,Javascript,React.Js,Next.Js,Sass
Backend:Nodejs, Expressjs,JWT,Mongoose
Languages: Java
Developer Tools: VS Code,Github,Git,Postman
Devops:Docker,Kubernetes
Soft Skills:Team Work,Adaptability,Critical Thinking,Communication
Language:English,Hindi,Telugu

Training

AlgoXfusion   Aug 2022 – Oct 2022
React js   *Sathyabama University*
* I completed the Frontend Reactjs program from AlgoXfusion which took 3 Months.
* This Training provided me with comprehensive Knowledge in Frontend ReactJs.
